

New Faith Development Leader – Jan Kennedy

We are so pleased and grateful to welcome Jan Kennedy to our Christian Education ministry at *Faith Development Leader* for our congregation. Her role includes leadership and guidance of our faith development and Christian Education programming for *all ages*.

As you know the title of *Faith Development Leader* was chosen to reflect the lifelong journey of Christian Education and the variety of experiences and settings that promote our spiritual growth at every age. Our knowledge and faith can grow in many different ways and places not just on Sunday mornings during church school. With the Session and CE Ministry Team Jan will facilitate small group learning experiences and special events for adults as well as for our children and youth.

Jan brings much enthusiasm and varied experience to her new role at PPC. She attended Houghton College and then Fuller Theological Seminary where she achieved Master's degrees in Theology as well as Marital and Family Therapy. Jan has a special interest in Spiritual Formation and is eager to serve in church ministry:

“I care deeply about faith development at all life stages. My desire is to invite and encourage people to know the love of God through Christ in a genuine and maturing way. Through connections among the church family, it is exciting and rewarding to see personal and corporate transformation occur.”

Jan Kennedy
